IS IT LATER THAN YOU THINK?

Right now your heart is ticking off the seconds of a lifetime!

Without your willing it to do so, it is pumping life through your veins at an approximate rate of 72 beats a minute. In one year it will have pulsed close to 38 million times-if all goes well.

But suppose your heart suddenly stops tomorrow or next week-or, at the latest, next month. What then?

Someone, somehow, will help your family pick up the pieces and resume a life of sorts. But only you can guide the destination of your soul.

Let your pastor and your church show you the Way. Look to the future!

It may be later than you think.

THE CHURCH FOR ALL

The Church is the greatest factor on earth

the building of character and good citizenship.

It is a storehouse of spiritual values. Without a

strong Church, neither democracy nor civilization can survive. There are four sound reasons why

every person should attend services regularly

and support the Church. They are: (1) For his

own sake. (2) For his children's sake. (3) For the

sake of his community and nation. (4) For the

sake of the Church itself, which needs his moral

and material support. Plan to go to church regu-

larly and read your Bible daily.

Even though many on this side of the Atlantic may not see eye to eye with Attlee, they are ant to take an even dimmer view of 'Nye Bevan, the silver-tongued Welshman who has never made any effort to conceal his contempt for us.

Granted that what happens in the British Parliament is none of our business, save as it may reflect the support of a needed ally in a critical period of our national history, we cannot find ourselves grieving mightily over the toppling of the truculent Mr. Bevan.

Through the years he has represented an anti-American wing in the public life of England, a wing devoted to continuing vocal disapproval of most of the policies followed by Washington.

Never a Communist, although he frequently sounded like a fellow-traveler as he sounded off against the United States, he has contended consistently that capitalism as practiced in our country will lead to war unless an understanding can be reached with Russia.

Just how any understanding is to be reached with rulers of a nation devoted to double-talk and faithless promises is something difficult to determine.

Bevan is out, but his voice is not stilled. We shall hear of and from him again,

The Unchecked Driver

Periodic inspection of Pennsylvania motor vehicles has reduced, at least in theory, the possibility of mechanical failure and consequent accident potential in our Commonwealth.

This belief is not shared by all observers, but it is at least a step in the proper direction.

Yet the driver himself, the man who for SI a year is registered by the state to get behind the wheel of the powerful cars or trucks of modern design, gets no check at all as to his capabilities other than the one for his initial license.

In the General Assembly there is legislation to provide a greater measure of safety for the highway by the adoption of a "point system" which, if adopted, should prove helpful in decreasing the incidence of accidents.

Yet there is still another point we do not think has been adequately studied by the men on Capitol Hill, and that is the matter of a physical check on the drivers and more especially those who have been driving for nearly a half century in Pennsylvania.

These members of the older generation, who began to drive their early automobiles before Pennsylvania required any driver examination and who in most cases have never been called upon to take any examination, may not be proportionately numerous but it takes two to make an accident and one of them may well be an unchecked Ward mail order house. 1998

Comic Books Theme Of PTA Meeting

A review of the book "Seduc-tion of the Innocent," will form the background of discussion on the influence of comic books on today's youth at the meeting of the Stroudsburg Parent-Teachers Association on Monday night at 8 o'clock in the auditorium of Stroudsburg High School,

Mrs. Jonas T. May, a teacher and parent, will give the review of the book, written by Fredrick Wertham, M.D., and which has created much controversy. Dr. Wertham was the first American psychiatrist to be awarded a research fellowship by the National Research Council. He has worked with Professor Adolf Meyer at Johns Hopkins for seven years teaching and doing research. He has been director of some of the largest clinics in the country: the mental hygiene clinic of Bellevue Hospital, New York, and also the author of many articles and books, among them "The Brain as an Organ" and the best-selling "Dark Legend" and "The Show

His findings on the pernicious influence of comic books on the youth of today will be presented by Mrs. May. Since comic books are read by all age groups, all parents are invited to come and to take part in the open discus-

Rummage Sale Today

The Business and Professional Woman's Club is sponsoring a rummage sale all day today at Muransky's storeroom, East Stroudsburg.

For a while I was worried about by Staffordshire dogs. They just seemed to have disappeared. But the other night we unearthed, them in a box that, you might know, was at the very bottom of a heap of big boxes. And so it was rather a coincidence to walk into the receiving room the next morning and be hailed by Mr. Wyckoff who wanted to show me the stunning new shipment of Staffords-

shire ware Being ticketed were some beautiful pitchers in a breathtakingly lovely shade of blue . . . a blue that defies description, a rich blue without an equal anywhere. In four designs, these pitchers reminded me very much of our prized majolica wear, with raised fruits and flowers. The lovely colors are all hand painted. Prices

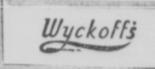

are 1.98 and 2.25. Also from Staffordshire come beautiful lustre pitchers and teapots. The pitchers, in two sizes, are of the copper dustre touched with pink or with a dreamy powder blue, and sell at 3.50 and 3.98 depending upon size. The teapots are 4.95, and so lovely they will make tea time a truly festive occasion, even though you enjoy it in

England has also produced the new brassware which will move out to the selling floor any minute. Plaques range in size from very small rounds to big 40 inchers that will dominate a wall. Then there are brass planters-their quality making it hard to believe the price tags which are delightfully low.

But perhaps the piece de resistance from England is the shipment of knives. One, a serrated bread knife, is priced at 2.98 but oh, the charm of it! And why? Because of the china handles in a colorful floral chintz design. What a joy to be a cut-up with these!

Other new merchandise has arrived from Hong Kong, where it was handmade by refugees who are desperately in need of world markets if they are to survive. Wouldn't you just know that my boss would be among the loyal supporters of these unfortunates? In a desire to help them, and in the desire to bring his customers something exquisite, unusual, and moderately priced, Mr. Wyckoff has stocked hand made 17-pc, sets of table linen, tea sets with the 50 inch cloth, handsome towels and bureau scarfs. You can see them all in our domestics department on the second floor. Back in notions you'll also find silken pin cushions with tiny mandarins, complete to the queue, clambering up over the sides. One word for these-"quenedy-pies."

No gasoline-no, not a single one-has higher octane than

lew 1955 GULF NO-N

and because it burns clean... New No-Nox gives you even more power-with-protection

GULF'S PLEDGE to the motoring public

- · We at Gulf make this promise to America's motorists. We will not permit a single competitor-no, not a single one-to offer a gasoline superior to our own superb No-Nox.
- · It is our sincere belief that No-Nox is the finest gasoline on the market today, and no matter what others do or say we will keep it the finest-in power, in performance, in engine protection.

 This is not a boast, not a claim. It is a pledge to you, the motoring public-a pledge backed by the resources-and the integrity-of the Gulf Oil Corporation.

But octane alone is not enough. Only a gasoline that burns clean can make its full octane power really work for you mile after mile. That's why new Gulf NO-NOX is super-refined to burn clean and make this power last thousands of miles longer!

This lamp test above shows what a difference Gulf super-refining makes. Gulf refines outthe "dirty-burning tail-end" of gasoline, at the refinery, to bring you new Gulf NO-NOX. Just see how clean new NO-NOX burns.

Fill up with new Super-Refined Gulf NO-NOX and feel the difference:

- · More complete engine protection than
- with so-called "miracle-additive" gasolines. • Extra gas mileage in the short-trip, stop-
- and-go driving motorists do most. • Stall-proof smoothness . . . instant starts
- ... fast, fuel-saving warm-up.
- · No knock, no pre-ignition—even in today's high-compression engines.

It's super-refined...to burn clean! The '55 gasoline for all

Judge Edward Little, Susquehanna County Judge, recently presided over the trial of Joey Giardello, wayward middleweight fighter, who evidently kicked away a title fight with Carl "Bobo" Olson because of his out-of-the-ring actions. Judge Little has also presided at trials here in the Monroe County court. Roger Ray is reportedly the Strondsburg High pitcher showing to the best advantage at the present time.

It's funny how one side of an argument seems great until you hear the opposition's view points. Win Evans, coach of Palmerton's highly successful basketball team, is certain to be at another school next season, at least according to rumors flying thick and fast through the area. Denny Roth, former Lehigh High cage star and one-time thorn in the side of Stroudsburg cagers, finished as the number two scorer on the Muhlenberg College basketball team this season with 329 points in 25 games.

During the 1953-1954 campaign Roth came up with 210 tallies. Roth led the Mules in rebounds, grabbing 291 or 108 more than he did in his freshman campaign. Jim Thorpe High, ready to open its first football season next September, will play all of its home games on the Lehighton High field. It is quite possible that Jim Thorpe may become a basketball opponent for Stroudsburg High next season. It is also quite possible that the Pocone Mountains Basketball League may cut short its season and open the post-season playoffs as soon as possible, due to the fact that the regular campaign races are virtual-. ly settled.

NOTICE

Notice is hereby given pursuant to Section 2 of the Act of June 25, 1947, P. L. 1145, as amended, that the Supervisors of the Township of Polk. County of Monroe, State of Pennsylvania, intend to adopt a resolution levying a 85 per capita fax for township road purposes at a meeting to be held April 12, 1955. The reason which, in the judgment of the Township Supervisors of the said Township of Polk, necessitates the imposition of the lax is that the revenue in the said Township from other taxes and sources is insufficient to pay the operating expenses of the township roads. The amount of the revenue estimated to be derived from said tax is \$3200.

YOU'RE DISGUSTED YOU SHOULD BE!

Every time you pick up the men wanted section, you find that about two dozen companies are offering you the world by the tail, just for the asking. Just read them and you become rich.

You and I know that you must either pay for or work everything you get. Actually no one is going to give you anything. So you become quite disgusted after learning that 90% of these deals are just a

So it is quite obvious that one would become discouraged. Believe me, I do not have a "get rich quick deat."

THE NEW BALDWIN electronic organ

· Authentic Organ tone quality

. Completely portable

. New modest cost · Standard controls

· Self-contained amplification . Two full 61 note manuals . 25 note pedal board

The new Baldwin Model 45 is an innovation in modern organ building, offering almost unbelievable musical flexibility. All four basic organ tone families-Diapason, Flute, String, and Reed, are represented. 19 independent stops, 4 couplers, and a selective vibrato, make available an unusually broad selection of true organ tonal qualities. Provision has been made for additional amplification equipment, if desired.

See Mr. Michelfelder today for detailed information on our special Easter purchase plan for churches.
